An act to amend, ~~repeal, and add~~ Sections 9100 and 9400 of, and to ~~add and repeal Sections 9009 and 9400.5 of, the Welfare and Institutions~~ *add Section 9009 to, the Welfare and Institutions* Code, relating to aging.

LEGISLATIVE COUNSEL'S DIGEST

AB 324, as amended, Beall. Aging: Elder Economic Security Standard Index.

Existing law, the Mello-Granlund Older Californians Act, creates the California Department of Aging, with prescribed duties, including the development of the state plan on aging.

This bill would require the department to report data from the Elder Economic Security Standard Index (Elder Index), as defined, for each service area included in the state plan.

Existing law requires each area agency on aging to create a plan for its planning and service area that considers available data and population trends, assesses the need for services, identifies sources of funding for services, and develops and implements a plan for the delivery of services based on the need.

This bill would also require that the plan utilize the Elder Index, specify the cost of meeting basic needs for elders in each planning and service area, and identify which elders are living at or below the Elder Index, as prescribed.

~~This bill would request that the University of California take the necessary actions to update the Elder Index and provide it to area agencies on aging for purposes of developing the area plans. This bill would establish the California Elder Economic Security Standard Index Fund, to be composed of private donations. This bill would, upon appropriation by the Legislature, allocate moneys in the fund to the department for its administrative costs and for allocation to the University of California for purposes of updating the Elder Index, as specified. The bill would require the Director of Finance to determine, in writing, whether sufficient funds are available for the costs of updating the Elder Index, as specified. The area agencies on aging would not be required to develop the specified plan requirements if the University of California declines to update the Elder Index.~~

~~This bill would repeal the provisions of this bill on the date that the Director of Finance determines that sufficient moneys from private donations are not available in the fund for expenditure for purposes of updating the Elder Index.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

4 to take the necessary actions to update the Elder Economic Security
5 Standard Index and provide it to the area agencies on aging for
6 purposes of developing the area plan required by subdivision (d)
7 of Section 9400.

8 (b) (1) The department may accept voluntary contributions, in

13 private donations shall be deposited into the California Elder
14 Economic Security Standard Index Fund, which is hereby created
15 in the State Treasury. The moneys in the fund, upon appropriation
16 by the Legislature, shall be allocated to the department for
17 administrative costs, as provided for in subdivision (e), and for
18 allocation to the University of California for purposes of updating
19 the Elder Economic Security Standard Index that will be used by

32 purpose, be reimbursed to the department from moneys in the fund.

33 (d) (1) Six months prior to the date next immediately following
34 January 1, 2010, that an area agency on aging is required to submit
35 the four-year area plan required pursuant to subdivision (d) of
36 Section 9400 to the department and every four years thereafter,
37 the Director of Finance shall determine, in writing, whether there
38 are sufficient moneys from private donations available in the fund
39 for expenditure for purposes of updating the Elder Economic
40 Security Standard Index. If sufficient moneys are available and an

1 appropriation has been made by the Legislature for this purpose;
2 then the department shall allocate the moneys in the fund to the
3 University of California to pay for the costs of updating the Elder
4 Economic Security Standard Index.

5 (2) If the University of California declines to update the Elder
6 Economic Security Standard Index pursuant to this section, then
7 the area agencies on aging shall not be required, for purposes of
8 creating that four-year area plan, to comply with paragraph (2) of
9 subdivision (d) of Section 9400.

10 (3) If the Director of Finance determines that sufficient moneys
11 are not available, then the amount in the fund shall be immediately

13 thereafter.

14 (4) The Director of Finance shall submit a copy of his or her
15 determination made pursuant to this subdivision to the Chief Clerk
16 of the Assembly and to the Secretary of the Senate.

17 (e) This section shall remain in effect only until the date that
18 the Director of Finance determines, pursuant to paragraph (3) of
19 subdivision (d), that sufficient moneys from private donations are
20 not available in the fund for expenditure for purposes of updating
21 the Elder Economic Security Standard Index, and as of that date
22 is repealed.

23 ~~SEC. 7.~~

24 *SEC. 4.* Nothing in this act shall be construed to mandate
25 changes in the current funding allocations to area agencies on aging
26 made pursuant to subparagraph (A) of paragraph (2) of subdivision
27 (b) of Section 9112 of the Welfare and Institutions Code.

28 ~~SEC. 8.~~

29 *SEC. 5.* Nothing in this act shall be construed, based on the
30 use of the Elder Economic Security Standard Index, to affect
31 means-tested programs administered through the Mello-Granlund
32 Older Californians Act.
